

7115

Workgroup Document System

Versatility for the Small Office.

The Konica 7115 Workgroup Document System is a 15 page-per-minute, digital MFP with integrated copier, printer, fax and scanner capabilities. The Konica 7115's modular design makes it flexible enough to grow with the changing needs of your business. Engineered from the ground up, the 7115 is a user-friendly, versatile, convenient and affordable multifunctional solution for small office environments. Featuring true 600 x 600 dpi copy resolution, the 7115 offers crisp, clean output. The optional print controller and optional internet fax kit allow users to configure the multifunctional capabilities to meet their needs. To add even more flexibility to the multifunctional workhorse, a host of other features such as a 50-sheet bypass tray, a job separator, a sorter and 50-sheet ADF are available. The 7115 Workgroup Document System delivers versatility when you need it most.

- ▶ 4 MB Std. Fax Memory (Upgradable to 12 MB)*
- ▶ 32 MB Std. Print Memory (Upgradable to 160 MB)*
- ▶ 550 Sheet Maximum Paper Capacity
- ▶ Intuitive Control Panel Layout

7115

Workgroup Document System

Features

▶ Integrated Copying, Printing, Faxing, Scanning:

The Konica 7115's digital 15 pages-per-minute engine, with scan once print many capability, delivers 4-in-1 multifunctionality in an easy-to-use and reliable package for the low-end office workgroup environment.

▶ Compact, Flexible, Modular Design:

Start with the basic copier, then add print, fax and scan options and the stand-alone copier becomes a truly customized multifunctional product. The 7115 is designed to grow as your business needs grow.

▶ Connectivity:

The optional IP-413* print controller with PCL5e and PCL6 emulation, available KN-305* network interface card which supports 10/100 BaseT, TCP/IP, and IPX/SPX protocols and memory upgrades, enable the Konica 7115 to offer incredibly efficient single and multiple user printing solutions to fit virtually any printing need.

▶ Optional Fax Kits:

Also offered as options for the 7115 are the Super G3 fax kit (FK-117)* and the Internet fax kit (IF-102)*, both of which enable the 7115 to have more functionality. The Super G3 offers a 33.6 Kbps modem, Super G3/JBIG compression, full auto-dialing, automatic redial, and chain dialing. The included TWAIN driver allows for convenient fax to PC scanning. The Internet Fax Kit allows e-mailing of faxes and network scanning capabilities. The Konica 7115 can also be ordered as a 7115F with the fax kit already included.

▶ Standard High Quality:

With 600 x 600 dpi the 7115 provides professional documents the way you want them every time.
