TRUE PRODUCTION COLOR AT UP TO 65 PPM.

What can bizhub PRO C6500 bring to your workflow? Spectacular color printing with the speed, quality, reliability and cost-efficiency that production environments demand. Robust internal components, heating unit and air-assist paper feed system keep even coated stock running smoothly for high-volume 300,000-page-per-month output – and new Simitri® HD (High Definition) Color Polymerized Toner provides the superior image quality that keeps production print clients coming back for more. Powerful image controller options can handle sophisticated production and color management functions with on-board efficiency. And flexible inline finishing capabilities, 200-page trimmed booklet-making, six folding options and 5,000-sheet output stacker can increase productivity and reduce labor costs for corporate CRDs and data centers as well as quick printers and commercial printers.
