Tabloid/A3 Digital Color Printers

## Wide-Format, High-Volume Color and Mono Printing

**Enormous paper capacity:**

All models in the OKI® C9000 Family start out with a 650-sheet paper capacity – and upgrade with options to a whopping 2,850 sheets! That means more printing time with fewer interventions.

**OKI C9300/C9500 Series Highlights:**

- Single Pass Color™ Digital technology for printing on media up to 110 lb. index
- Color output up to 30 ppm, mono at 37 ppm<sup>1</sup>
- High-capacity, 2-piece consumables for low Total Cost of Ownership
- Tabloid-extra/A3 (12" x 18") format; prints on banner sheets up to 12.9" wide by 47.24"
- Up to 1200 x 1200 dpi resolution
- Up to 600 MHz PowerPC processor
- Up to 320 MB RAM standard; all models upgradable to 1,024 MB
- Holds up to 2,850 sheets with options
- Job accounting software and Web-based printer management utility standard
- Direct PDF Printing – print .pdf files without Adobe® Acrobat® or Acrobat Reader<sup>2,3</sup>
- Available with Duplex<sup>3</sup>, 10 GB Hard Disk Drive<sup>3</sup>, 10/100 Base-T Ethernet NIC<sup>4</sup>, Finisher/Stapler, and MonacoEZmatch™ color matching software<sup>3</sup>
- 1-Year On-Site limited warranty<sup>5</sup> on printer; 5-Year limited warranty on LED printheads

<sup>1</sup> Letter-size sheets.

<sup>2</sup> Requires hard disk drive.

<sup>3</sup> Standard on C9300dxn and C9500dxn models only.

<sup>4</sup> Optional on C9300 model.

<sup>5</sup> Available in the U.S. and Canada only.

**The Digital LED color matching printers with superlative tabloid-size color printing capabilities, designed for maximum productivity and cost efficiency for color and monochrome printing needs.**

**High-quality, tabloid-extra (12" x 18") color and monochrome output—right in your workspace.** Until now, color added high cost as well as impact to your documents. OKI® C9300/C9500 Digital Color printers can lower your expenses and increase your productivity.

These wide-format color printers are the efficient and affordable answer, especially if presentations, ad layouts, spreadsheets, large photos and illustrations, signs, posters or banners are part of your business.

**Commercial printshop performance at desktop printer prices.** No more running down to the corporate or neighborhood copy center every time you need tabloid-size color documents—or postcard-size or any size up to 12.9" by 47.24" banners! You can simply print them in-house. OKI C9300/C9500 printers are available with MonacoEZmatch™ color matching software<sup>3</sup> to ensure accurate and consistent color whenever it's required.

OKI Single Pass Color™ Digital technology and long-lasting, individually replaceable OKI toner cartridges and image drums mean fewer interventions—i.e. more productivity—

and a lower cost per printed page than color laser printers, solid ink or inkjet printers and, especially, outside copy services.

Further, the cost of a black-and-white page is comparable to that of most mono laser printers—so you can use OKI C9300/C9500 color printers for all your business printing.

**Connectivity and more.** OKI C9300/C9500 printers come with both bi-directional parallel and USB interfaces, and can be connected to the network—PC- or Mac®-based—via an OkiLAN® 6200e+ 10/100 Base-T internal print server card.<sup>4</sup>

When it comes to handling huge graphic files, all models come with generous standard RAM and are upgradable to a whopping 1 GB. The C9300dxn and C9500dxn also ship with a 10 GB hard disk drive and standard duplex (optional on other models).

All C9300/C9500 models are equipped with Job Accounting software that provides a precise count of color and mono pages, the types and quantities of paper used, and a record of printing activity by department.

**OKI®**

**Designed to Perform in the Most Demanding Environments.**

**PROVEN.**
